

Athletic Training

3+2 B.S.A.T./M.S.A.T.

The 3+2 Bachelor of Science in Athletic Training (B.S.A.T.)/Master of Science in Athletic Training (M.S.A.T.) program is designed for students who are interested in completing a master's degree in athletic training in five years. To receive the B.S.A.T., students must complete the M.S.A.T. requirements. The goal of the undergraduate athletic training major is to prepare students for the Commission on Accreditation of Athletic Training Education (CAATE) accredited graduate athletic training program. Upon completion of the M.S.A.T., students will be eligible for the Board of Certification, Inc. (BOC) national certification examination for athletic trainers.

Five Years, Two Degrees, One Major!

Program Highlights:

- Athletic training classes start on day one.
- Combined hands-on classroom and clinical experiences throughout the program.
- Two full-time immersive clinical experiences.
- Graduate courses in year four at the undergraduate tuition rate.
- Experiences with Special Olympics Michigan, Unified Sports, college, high school, and recreational sports.
- Opportunities to conduct cutting-edge research with nationally-renowned athletic training faculty.
- High first-time pass rate on the BOC examination.
- Excellent job placement.

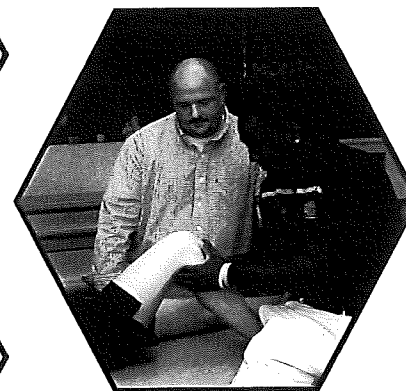

Students interested in the 3+2 B.S.A.T./M.S.A.T. are encouraged to meet with an athletic training faculty advisor early in their academic career to ensure they understand the requirements for the undergraduate major and admissions criteria for the graduate athletic training program. Faculty advisors are as follows:

A-L Mrs. Taylor Hoekwater 989-774-2378
mayle1tm@cmich.edu

M-Z Mrs. Emily Webster 989-774-3004
mcdon1ee@cmich.edu

Athletic training main office: 989-774-1054
